

CHAT BOARDS

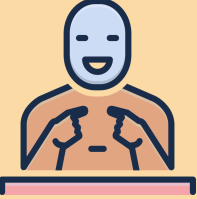

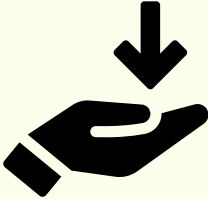

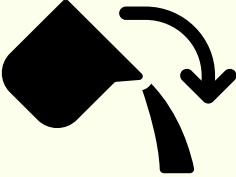

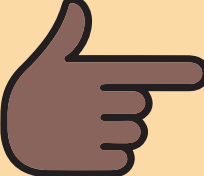

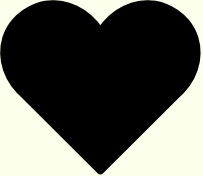

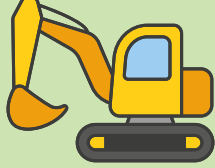

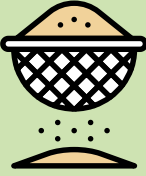

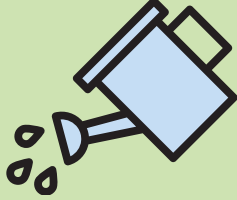

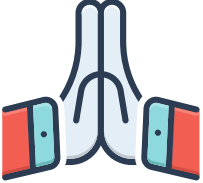

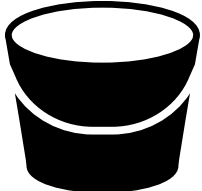

These chat boards have been created to support communication in your learning space. The intention is that they can be printed and left in different areas to ensure children have support if they would like to communicate. An important aspect of their use is modelling. An educator can point to the symbols as they ask a question, e.g. 'do you like raisins?' as they point to the 'you', 'like' and 'raisins' symbols one at a time. Encourage children to use the chat boards to respond but do not force them or use hand over hand strategies. Over time, expand on the complexity of questions and responses by adding more information.

Print the chat boards pages in A4. Add the symbols to an A4 laminating pouch. You may need to feed the pouch through the laminator a second time if required. Place the chat boards in the corresponding areas of your learning space. Depending on the size of your environment and group, it may be helpful to have 2 or 3 copies in each area.

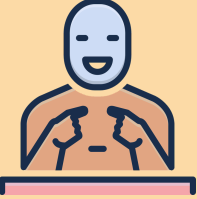

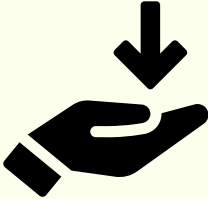

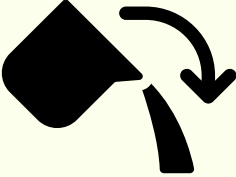

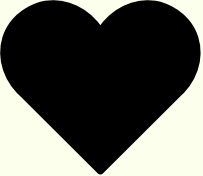

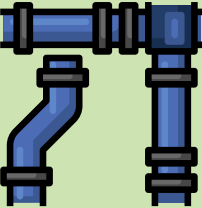

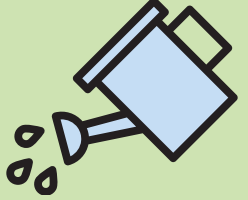

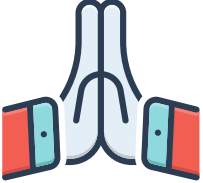

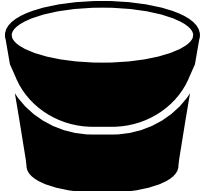

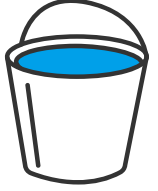

SNACK CHAT BOARD

 I, me, mine	 want	 don't want	 eat	 cracker	 raisins
 you	 like	 don't like	 drink	 apple	 orange
 help	 yes	 no	 grapes	 banana	 pear
 more	 please	 finished	 breadstick	 hungry	 thirsty
